

September 23, 2025

Wasps in Playground Equipment – Report by homeowner on the evening of Tuesday, September 23, 2025, was a huge wasp's nest on the main part of the playground equipment. The homeowner's daughter was swung twice by wasps while playing on the equipment. The homeowner also informed the HOA Board he noticed wasps in the green tubes coming out the ground in the past.

Thank you to the homeowner who immediately took charge and sprayed hornet killer in the area and killed the wasps.

The HOA Board wants everyone to enjoy the playground that was built in 2023, therefore for everyone to enjoy it safely, we appreciate any reports of bees, wasps, fire ants, other pests, or any damaged equipment. We will ask our landscaper to inspect the playground for bee and wasps' nest so that the areas can be treated accordingly.

THIS IS IMPORTANT, don't just do nothing. Please always report areas affecting safety and any suspected activity to the Sheriff's office and email the HOA Board the pictures and feedback so we can add a crime awareness report.

Sheriff's non-emergency number is 713-221-6000, option 1

APM at 713-686-4692

HOA Board at WOSHOABoard@gmail.com.

Below are pictures provided by the homeowner who took immediate action.
